Clear presentation of material.

Nice job!

+ motivating words

- be careful when writing on the board,
sometimes its hard to depict

The assignments were quite lengthy given the amount of time to solve.

TA was good :)

I like the positive attitude you have around the course being difficult etc.
The feedback on the grading was unclear. There were some random numbers?

Nice job, maybe a bit clearer handwriting would be easier to follow. $\rightarrow$ also sometimes a bit fast too but thanks :)

I don't see any major thing
which should be improved.

~~Don't~~

Good job! (the results are
depending on the student)

Math Camp has been great! Maybe solutions
to old problem sets could be nice

Maybe more time for solving
the problem sets or a time
allotment for lunch
